# Quiet Earth Moss Wall Art

-  All natural, handmade and carefully crafted to meet your specifications
-  Beautiful, no maintenance – no water, no natural light, and no trimming
-  All natural preserved moss provides a biophilic element with the added benefit of ezoBord acoustic noise reduction and esthetics

## Reindeer Moss

A bushy, branched moss abundant in the Arctic and notable for its rich texture, depth of color, and nuanced shades. Available in 19 colors.

## Mood Moss

Adds dramatic, impactful textures and depth. Appearance of moss is different based on growing conditions in nature.

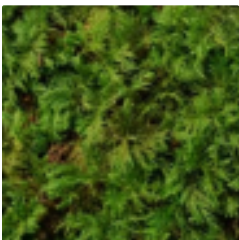

## Sheet Moss

Naturally grown in sheets, making it perfect as a base material for larger projects in office lobbies or multi-story entryways.

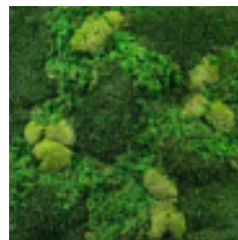

## Pole Moss

Grows in a tight, round cushion-like mass and is an intense, vibrant green color. A premium and exclusive feeling moss.

## Fern Moss

Offers the delicate texture and elegance of feathery fronds and can form a moss carpet across grass or bare patches of ground.

## Mixed Moss

A mixture of sheet, fern, & pole moss, designed to bring in different textures and colors to create a custom installation each time.
